Date: 09/11/18

Version: 2018.11.9.1

Release Type: Out of schedule

Bug Fixes

- Fixed an issue where certain employee details were not being imported correctly from ESR v2 outbound files. (158756)

- Fixed an issue where users were unable to view a PDF receipt from the Claim Details page when using Internet Explorer. When trying to view a PDF receipt, the user should be provided with a download link, whereas in this case, no information is displayed on the page. (158722)
