## New

- Introducing the Knowledge Widget!

A new search widget feature has been added throughout Assure Expenses, meaning that finding and reading the help articles that you need has never been easier.

Click the 'Help' button on any page within Assure Expenses to begin using the widget. Once opened, you can also click 'Open in Full Site' to view the article in Knowledge. (155372)

## Enhancements

- We've added some new fields to the thresholds grid so you will be able to see more information about your Vehicle Journey Rate at a glance. The new fields which have been added are:
  - Rate for Passenger 1
  - Rate for Other Passengers
  - Rate for Heavy and Bulky Goods (72846)

### Thresholds

[Add Threshold](#)

 	Range Type ▲	Threshold Value 1	Threshold Value 2	Rate for Passenger 1	Rate for other passengers	Rate for Heavy and Bulky Goods
 	Less than	10000.00		2.00	2.00	1.00

## Bug Fixes

- Fixed an issue where users were unable to select 'None', after selecting a value for Department, Cost Code or Project Code fields upon registration. (160682)
