

2020 - Mobile Product Updates

Last Modified on 12/01/2023 2:43 pm GMT

September - (01/09/20)

Android

Date: 01/09/2020

Version: 1.48.0.0

[Visit the Play Store to download the latest version](#)

Enhancements

- We've fixed an issue which caused Expenses Mobile to crash when using iOS 14. It is important that users update to the latest version of Expenses Mobile. Once updated, Quick Logon will need to be reset. Unfortunately, any GPS journeys that have not been added to a claim will be lost, so they must be added before updating the app. (178880)
- We've fixed an issue where Expenses Mobile would crash or time out when using the GPS Mileage feature. This occurred when the user had poor signal or the location was too far from a recognised postcode. (178190)

iOS

Date: 01/09/2020

Version: 1.47.0

July - (24/07/20)

Android

Date: 24/06/2020

Version: 1.47.0.0

[Visit the Play Store to download the latest version](#)

Enhancements

- We've fixed an issue where currencies were not appearing in alphabetical order on the 'Receipt Wallet Review' page. (177857)
- We've fixed an issue where deductions were not being applied correctly when submitting a Fixed Mileage item. (178140)
- We've fixed an issue where the Company Policy was not being displayed when selected.(177875)

iOS

Date: 24/07/2020

Version: 1.46.0

Enhancements

- We've fixed an issue where currencies were not appearing in alphabetical order on the 'Receipt Wallet Review' page. (177857)
- We've fixed an issue where signing in to Expenses Mobile for a second time would redisplay your company's Terms and Conditions. Signing in for a third time would then sign you out. This occurred after downloading the app, signing in for the first time, configuring quick logon, and then closing the app. (177333)
- We've fixed an issue where deductions were not being applied correctly when submitting a Fixed Mileage item. (178140)
- We've fixed an issue where the Company Policy was not being displayed when selected.(177875)

June - (12/06/20)

Note: The 'Delegates' feature has been made available today within Assure Expenses Mobile without the need to download a new version of the app. The following users will automatically have access to the Delegates feature:

- Android - Users on version 1.44.0 or later of Expenses Mobile.
- iOS - Users on version 1.43.0 or later of Expenses Mobile.

Android

Date: 12/06/2020

New Feature

- We're delighted to announce that we have added the 'Delegates' feature to Expenses Mobile! This feature works as it does on the web version of Assure Expenses, with named delegates having the ability to:
 - Sign in as another user.
 - Create claims, add expenses, and approve claims using Check & Pay.
 - Add Advances and Holidays.
 - Use the Receipt Wallet. (91376)

For more information on how to use the new Delegates feature, view [Log in as a Delegate](#).

February - (21/02/20)

Android

Date: 21/02/2020

Version: 1.43.0.0

[Visit the Play Store to download the latest version](#)

Bug Fixes

- Fixed an issue where adding a journey with a postcode that was not recognised by our address lookup service caused an error. This occurred when adding a journey to your claim after recording the steps using the GPS mileage feature. (171445)
- Fixed an issue where navigating away from Expenses Mobile and then reopening the app on the Receipt Wallet Review page would cause a crash. (171848)

iOS

Date: 21/02/2020

Version: 1.42.0
