

Release Notes - 12 March 2020

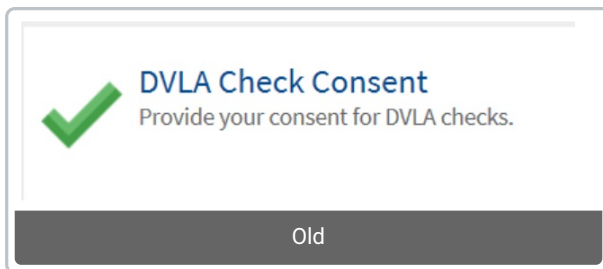

Last Modified on 06/11/2024 2:59 pm GMT

Date: 12/03/2020

Version: 2020.3.12.1

Enhancements

- After feedback, we've changed the image on the 'DVLA Check Consent' menu to help avoid confusion. Previously, the automatic licence check looked as though it had been completed due to a green tick being used as the image for the menu. (171512)

- We've updated the link which appears within the 'Overview' section when adding MOT documentation to a vehicle. Previously, the link was broken, but it will now take you to GOV.UK to check the MOT history of your vehicle. (171516)

Bug Fixes

- We've fixed an issue where users were able to add/edit/delete budget holders despite only having 'View' access on their Access Role. (167204)
-
