Release Notes - 17 August 2020

Date: 17/08/2020
Version: 2020.8.13.4

Enhancements

- We've added the ability to filter Corporate Cards by Department within Reports when reporting on Credit Card Statements. Clicking **Employee** | **Coding Allocation** | **Department** within the filters section will allow you to filter by department. (178382)

- We've added the ability to report on named delegates for a given employee when reporting on Employees. Clicking **Other Columns** | **Delegates** within the filters section will allow you to filter by named delegates. (178384)

- We've renamed the 'Email Server' section to 'Email Options' within **Administrative Settings** | **Tailoring** | **General Options**. (179204)

Bug Fixes

- We've fixed an issue where VAT was not being calculated on a fixed mileage deduction expense item. This occurred when the mileage claimed was less than the fixed deduction mileage limit. (178414)
