# Release Notes - 29 February 2024

*Date: 29/02/2024*
*Version: 2024.2.26.4*

## Enhancements

- We've added a new column in the work address summary grid on the employee record page to indicate which work address is the Nominated Base.

  We've added a new column in the work address summary grid in the user's 'My Details' page to indicate which work address is their Nominated Base.

  These changes are applicable only for NHS databases.(191628)

- We've made an enhancement to the self-registration process to prevent issues that could occur if you clicked the Register button multiple times. Now, a loading wheel appears when you click the Register button so that you can't click it again until the registration is completed. (194621)

## Bug Fixes

- We've fixed an issue that occurred when activating employees created using the self-registration process when the system was configured to use Single Sign-On (SSO) only. (194615)
