 	Projectcode	Reason	<input type="checkbox"/>
 	Projectcode	Department	<input checked="" type="checkbox"/>

April 2024 | 'Filter Rules' Saving Process Improvement

We've changed the saving process of the new filter rule options.

Previously, the saving process occurred after you added all changes and clicked "save". Now, the saving process occurs as you create the new records and populate them into the summary display.

April 2024 | 'Filter Rules' Configuration Pages Improvements

We've significantly improved the performance of the 'Filter Rules' configuration pages.

When you add a new filter rule or edit an existing one, we only retrieve the necessary records for the display panel rather than retrieving every parent and child element.
