

Assure Expenses FY25 Q1 & Q2 | Highlights and New Features

Last Modified on 24/11/2025 1:41 pm GMT

We're pleased to share an overview of all the new and enhanced features we introduced to **Assure Expenses** throughout the first half of FY25. We introduced a series of enhancements for Assure Expenses to improve functionality and usability across key areas.

Your feedback and ideas have played an essential role in shaping these improvements, and we're excited to bring you new functionality and updates that better support your expenses process. ☑

☑ Key updates include:

- **Mobile App Performance** - Improved key pages loading and responsiveness for a smoother user experience.
- **Enhanced Accessibility** - Dark theme accessibility is now refined across all pages, and we've updated the app's colour scheme and product name to align with our new corporate branding.
- **Filter Rules Overhaul** - The process for creating and updating filter rules has been restructured, offering a more intuitive experience for system administrators.
- **Duty of Care Module Upgrade** - We're currently rebuilding our Duty of Care module using modern microservices technology. This update allows for greater scalability and supports the development of new features requested through customer feedback.
