Release Notes - 04 July 2025

Date: 04/07/2025
Version: 2025.7.3.2

Bug Fixes

- We've updated the checks for driver compliance documents. Now, the system considers the start date of the document without any associated time element, so that the document always appears as valid, and allows mileage to be claimed on the start date of the document. (201477)
