2026 - Mobile Product Updates

Mobile Release Notes - 24 February 2026

Date: 24/02/2026
Version: 2026.2.4.3

Enhancements

- We've updated the default colour scheme for the Expenses mobile app to match our corporate branding. (201219)
- We've made enhancements to the permissions used to access the photo gallery on Android devices, in line with the latest Android policies. (203602)
- We've enhanced journey steps for international, GPS-captured locations to include premise-level address details from Addressy. This enhancement supports manual edits and maintains full backward compatibility. (203638)

Bug Fixes

- We've made an enhancement to the mobile app to include the negative card transactions, allowing expenses to be matched against both negative and positive transactions. (164184)
